DECLARATION UNDER 37 C.F.R. §1.125

I, Gary A. Walpert, attorney on behalf of the inventors and assignee in this application, prepared the substitute specification being filed in connection with this application. A fuller description of the preparation of that specification is made in the papers attached to the preliminary amendment accompanying this declaration. In my opinion, no new matter has been added to the application by the filing of or in the substitute specification; and the claims, as amended by the preliminary amendment or as originally filed, are fully supported by both the original specification and the substitute specification.

Respectfully submitted,
